Product description

PRECISION AND LIGHTWEIGHT INVERTER WITH LCD DISPLAY.

SPARTUS® EasyARC 205LCD is small, light inverter welder. It allows the MMA and TIG Lift DC welding in the 10 — 200A range at high 60% work cycle.

The modern LCD allows an easy and intuitive setting the welding current strength, simultaneously presenting recommended electrode diameter and material thickness for the set current.

SPARTUS® EasyARC205LCD

Functions:

- Hot Start — facilitates striking the arc
- Arc Force — prevents the electrode from “sticking” to the welded material
