

## Helmet SPARTUS® Pro 330XT with true color filter - with hard hat

**Product code:**

080-10-330XTK

### Product description

SPARTUS® Pro 330XT helmet has been designed to protect welder's eyes and face against the harmful radiation and weld spatters during welding: TIG, MIG/MAG, MMA. Additionally it has a function of grinding.

SPARTUS® helmet is equipped with automatic welding filter with manual protection level adjustment. Built-in 4 sensors ensures maximum filter sensitivity. Filter includes possibility of regulation: filter darkening grade, time of filter brightening and filter sensitivity. The preview of the view is presented in real colors (true color).

Helmet is made of durable polyamide (Nylon). Adjusted headband enables easy adaptation to welder's needs.
