

MINI PAINT SPRAY GUN HP NOZZLE - 1.0MM

Product code:

SP703-01-010

Product description

SPARTUS® Pneumatics mini spray gun HP

SPARTUS® Pneumatics HP mini spray guns are compact and functional solutions, intended for painting of small elements and for paintwork repairs. The spray guns of SPARTUS® Pneumatics HP mini series enable the use of a broad range of water-based and solvent-based lacquers, ensuring a precise breakdown of their particles and even and precise coverage. For this reason, they are recommended both to a professional user and in occasional painting works. By virtue of their innovative design, SPARTUS® Pneumatics HP mini spray guns enable a full control of material and air intake and also ensure material transfer at levels above 65%, what guarantees an excellent painting performance. What is also important, the lightweight and handiness of presented paint spray guns allow for long and strenuous work without experiencing fatigue.
