

## Mobile weld fume extractor AirMaster 2m

**Product code:** SP030-05-002

**Status:** News

**Order fulfillment time - 2 weeks**

### Product description

#### Mobile Welding Fume Extractors SPARTUS® AirMaster

AirMaster is a mobile air filtration system designed to remove dust and fumes that often occur during welding processes. By utilizing the Vortex Eco extraction arm, the device allows for the effective elimination of contaminants directly at their source. The AirMaster filter components include a metal pre-filter and a modular main cartridge that can be easily replaced.

Dual filtration: Two stages of filtration effectively eliminate contaminants from the air.

High performance: Filtration capacity up to 1400 m<sup>3</sup>/h ensures efficient air cleaning.

Full mobility: The housing equipped with wheels (including two swivel wheels) ensures ease of movement.

Filter contamination indicator: Allows for quick determination of when the filter needs cleaning or replacement.

Easy maintenance: Simple access to filter cartridges facilitates their replacement and maintenance.

#### Applications:

Welding work that does not require continuous extraction

Work at repair stations

Local ventilation (except for corrosive and aggressively acting fumes or chemical gases)

Removal of light air pollutants

Protecting workers' health and improving working conditions

Standard equipment

Vortex Eco 160 extraction arm 2m

AirMaster mobile air ventilation system

Additional paid options:

EC motor

## Made in EU

### Technical parameters

<b>Reach</b>	2m
<b>Flow</b>	1400m <sup>3</sup> /h
<b>Noise level</b>	74dB(A)
<b>Power</b>	1,1kW
<b>Input</b>	~1× 230V ± 10% 50 / 60 Hz
