

Paint spray gun mini M05 nozzle H.V.L.P. - 1.2mm

Product code:

SP703-05-112

Product description

M05 H.V.L.P. (*High Volume Low Pressure*) mini paint spray gun.

Modern H.V.L.P. technology allows to reduce significantly the amount of material sprayed and reduce air consumption. Minimised spraying effect significantly improves surface coating efficiency and reduces paint consumption by 30%.

Mini M05 spray gun is equipped with three basic adjustments: paint volume, jet width and air supply.

The light weight of the mini gun allows for long and intensive operation. Ergonomic design, optimized centre of gravity and low drag trigger increase comfort while painting.

The Mini M05 model is a multi-purpose gun. It is used for mortar work, painting small surfaces and for home painting.
