

Passive helmet SPARTUS Easy FOX with flap

Product code:

080-00-020K

Product description

Passive welding helmet SPARTUS Easy with flip-up window. Designed for eye and face protection against harmful radiation and welding spatter. Intended for use in arc welding and plasma cutting. It has an internal transparent protective glass, which makes it suitable also for grinding. A special flip-up window allows to quickly preview without removing the helmet.

Health and safety regulations require in many situations using of a protective helmet to cover the operator's head from injuries. The situations include for example: the works on bridges, on steel constructions, in large tanks as well as renovation and assembly works with boilers and their installations. Welding protection helmet SPARTUS® Easy FOX is connected via a special adapter with hard hat. It provides increased protection of the welder from dangerous potential consequences of head injuries and ensures high comfort during long hours of use. Person, who uses protecting welding helmet with hard hat, meets stringent health and safety requirements in the workplace.
