Półmaska ochronna SPARTUS® 75G (rozmiar L)

Product code:	SP070-00-075G
Status:	News

Product description

Half mask respirator SPARTUS® 75G – COMBINING DURABILITY, LIGHTWEIGHT DESIGN AND MAXIMUM USER COMFORT.

HIGH QUALITY

The silicone used in the mask provides lightweight and excellent facial fit, giving a sense of softness. The material used ensures the product's durability and easy maintenance.

COMFORT

Flexible and adjustable straps facilitate the fitting of the half mask to any face shape. This ensures that the product is comfortable and does not restrict movement.

ERGONOMICS

The contoured SPARTUS® half mask does not limit the field of vision. It also allows for the use of other personal protective equipment such as safety glasses.

The downward-directed exhalation valve prevents the fogging of glasses.

FILTRATION

The dual filtration used in the half mask reduces breathing resistance and balances the weight of the respirator. The replaceable filters make the half mask a reusable product suitable for various types of hazards. The bayonet mount of the filters allows for easy and quick replacement.

CERTIFICATE

The SPARTUS® 75G half mask is compliant with the EN 140:1998 standard.
