

SP160XXL - Hand plasma torch 90° 130cm (EASY-FIT connection)

Product code:

NW05531LA

Status:

News

Product description

XXL plasma is an excellent alternative to cutting with gas torches. A specialized design and an extended torch with a handle not only increases safety, but also comfort of work. Thanks to the use of SPARTUS® torches, you can achieve a very good quality of cutting even in hard-to-reach elements.

The EASY-FIT connection system used is an innovative solution for connecting the torch with the cable, which enables its immediate replacement. The entire operation takes only a few seconds. The use of the EASY-FIT system also allows the use of an extension cord, thanks to which it is possible to increase the range of work depending on the needs.

Extended plasma torches with EASY-FIT connection

- a great alternative to gas torches
- high-quality cutting of hard-to-reach elements
- quick torch replacement thanks to the EASY-FIT system
