

SPARTUS® 100 welding positioner

Product code:

SP020-00-100

***the price does not include shipping costs**

The time of order to 6 weeks.

Product description

The SPARTUS® 100 welding positioner, thanks to its compact design and dimensions, is extremely easy to transport. Easily adapts to the welder's workplace. The use of the device in the machining process significantly improves the comfort and shortens the working time. Current load of the built-in ground connection over a 60% cycle 150A.

The positioner has an integrated control system that allows for::

- smooth speed control and selection of the direction of rotation
- manual, 10-step tilt adjustment of the disc in the range of 0-140 °
- position setting with spring handle
- emergency stop - safety button on the control pendant

Possibility to choose the shape and mounting holes in the working plate.

The B-type plate has 28mm holes - compatible with the welding pins.

C

► MADE OF EU

Technical parameters

Load capacity	100kg
Plate diameter	300mm
Rotation speed	0.12-1.2/0.5-5 r/min
Manual table tilt	140°
Input	~1× 230V ± 10% 50 / 60 Hz
Weight	35kg

PRODUCT CATEGORIES: [MACHINES](#), [WELDING POSITIONERS](#), [POSITIONERS AND ROTATORS](#)
