Product description

SPARTUS® EASYTIG TORCH 17V with valve

The SPARTUS® EasyTIG series is a classic solution of welding torches designed with simplicity and ergonomics in mind.

TORCH BODIES

The torch body equipped with a valve allows for smooth regulation of the gas stream depending on the specific requirements of the welder.

HANDLES

Handle with a single microswitch, dedicated to work with machines equipped with a control connector for contactless ignition.

WIRE PACKAGE

For solutions with control in the handle, a cable package is available, marked with the D symbol, which is in a rubber cover. Package comes with a basic set of consumables.

CONNECTIONS

A wide range of connections enables the use of SPARTUS® EasyTIG torches with a valve and control in the handle with the most popular welding devices available on the European market.

The picture of the torch presented in the article is illustrative and depends on the selected torch options.
