SPARTUS® EASYTIG TORCH 9V with valve

The SPARTUS® EasyTIG series is a classic solution of welding torches designed with simplicity and ergonomics in mind.

TORCH BODIES

The torch body equipped with a valve allows for smooth regulation of the gas stream depending on the specific requirements of the welder.

HANDLES

Thanks to the traditional, round handle, the EasyTIG torch with a valve is significantly relieved, which results in easier guiding of the torch and less burden for the user.

WIRE PACKAGE

In EasyTIG torches with a valve for a classic round handle, we offer a rubberized cover of the cable package, marked with the D symbol.

CONNECTIONS

Torches made on round handles are available with an SK25 or SK35 current connection, equipped with a two-meter hose terminated with a 1/4" nut.
